Federal University of Agriculture Abeokuta (FUNAAB)

Sep 2021 - Present

I am a motivated professional looking to make an impact in the aquaculture and fisheries management industry. With strong experience in fish breeding, farming, and maintenance, I am passionate about providing meaningful approaches to the sustainable management

WORK EXPERIENCE

Mar 2022
Sep 2022

Rex

Lagos, Nigeria

FRONTEND DEVELOPER

I developed visually stunning user interfaces with HTML, CSS, and JavaScript, designed responsive webpages across multiple browsers and devices.

Collaborated with back-end developers to create completely integrated webpages by implementing HTML, CSS and JavaScript components.

Retro Tech

Ogun State, Nigeria

FRONTEND DEVELOPER

I focused explicitly on coding the front-end (user interface) of a website, designed and developed web applications by using web technologies such as HTML, CSS, DOM, and JavaScript, that run on the Open Web Platform. By taking website design files, I converted them into HTML, JavaScript, and CSS code to build the core elements of Front-End Development, including layout, content, buttons, images, navigation, and internal links.
